## ART

**What Today's About:** Jesus loves us!

**Key Verse:** "God loved the world so much that he gave his one and only Son." John 3:16

**Story:** Jesus died for us & rose from the dead.

**Project:** He is Alive

### **What You Need:**

Paper Plate/Paper  
Cross Pattern  
Yellow Paper

Crayons/ Paint  
Glue  
Scissors

### **Directions:**

1. As the kids come into your area, make each of them a paper bag with their name on it. Set the bags aside.
2. Give each child a paper plate and paint.
3. Talk to the kids about how Jesus died on a cross for us, but then He came alive and now waits in heaven for us.
4. First, have them color or paint the bottom of the plate green.
5. As they are painting have them come over to you one at a time and trace their hand on a piece of paper.
6. Let them begin to paint a rainbow on the top of the plate. For younger kids you can draw the outline of the rainbow for them to paint in.
7. As they finish they can either cut out their hand if they are old enough or you can go to gluing next.
8. Have them first glue the hand to the plate. Next, have them glue the cross on top of the hand.
9. When they are finished talk to them about how Jesus was put on the cross, but he did not stay there. He is now alive.
10. Make a sack for each child with their name on it. Place their project, the parent information sheet (what we learned today) and one piece of candy in their sack.
